# Your Home Could Have Suffered Damage from Recent Weather: Here's What You Need to Know

As homeowners, we often underestimate the potential damage that hail and windstorms can inflict on our roofs. While some damage may be visible from the ground, there are often hidden issues that require a professional inspection to identify. Your home is one of your most significant investments, and the roof is its first line of defense against the elements. By promptly addressing storm damage, you protect your investment from further deterioration. Professional roofing inspections can detect problems in their early stages, allowing for timely repairs that prevent small issues from escalating into major headaches. In these cases, it is highly recommended to go with a local and reputable company.

Mark 2 Roofing services all of Northeast Ohio. It is led by a husband-and-wife team – Kent and Jaime Krivich – who are committed to delivering the best in quality roofs and customer service. Mark 2 Roofing has extensive experience in identifying storm related damages and coordinating with insurance companies to relay that information.

Dealing with the stress of storm damage to your property can be overwhelming. “We want to minimize the stress for our clients and maximize the value of their home,” says Kent. “We come to our community as a strong team with proficiency in efficient diagnosis, quality installation, and expertise in

restoration,” he adds.

## Mark 2 Roofing: Anchored in Community Support, Inspired by the Scriptures.

“We understand the power of community, and that is why we prioritize serving our local neighborhoods with exceptional roofing services,” says Jaime. “Our name, inspired by the book of Mark chapters 2-12 in the Bible, holds a special significance that drives our mission to support and uplift the community we call home,” adds Kent. Just as the chapter in Mark 2 tells the story of a paralyzed man being healed by the compassion and collective effort of a group of individuals, they strive to embody that same spirit of unity and caring in their roofing services. The company was founded on the principles of lending a helping hand, offering support, and spreading hope to those facing roofing challenges in the aftermath of extreme weather events.

“At Mark 2 Roofing, we are more than just a roofing company – we are a family united by a shared purpose of making a difference,” reports Kent. “Mark

Kent and Jaime Krivich

2 Roofing stands firm on the belief that by coming together, we can weather any storm, overcome any obstacle, and build a stronger, more resilient community for everyone we serve”.
