

Nicky Nicole at Crocker Park, the cool shop for girls, will host a neat Webkinz Extravaganza this weekend. Carol, shop manager, welcomes one and all to this fun event that will feature all sorts of attractions. See you there! Be ready to have a good time!

Come to the Webkinz Extravaganza!

Laughing children, cool blue whales, cheeky monkeys, and leopard lizards. It's not a day at the zoo – it's the WEBKINZ Extravaganza at Nicky Nicole. This sensational toy has become a favorite of kids ages 4-14, just as Nicky Nicole has become their favorite place to find them. The "cool shop for girls", with locations at First & Main, Eton Collection and Crocker Park, celebrates the 4th birthday of WEBKINZ to honor these lovable toys and their owners Fri., May 1 – Sun., May 3.

During the WEBKINZ Extravaganza weekend Nicky Nicole will have an extra special EXTRAVAGANZ WEBKINZ animal available for only \$1! This Extravaganza pet has unique tag that provides special features and benefits only valid thru adoption online thru the end of May. The Nicky Nicole festivities also include a WEBKINZ Scavenger Hunt, Jelly Bean

Challenge, Lollypop Game, and chance to spin the popular Wheel of Wow for prizes! Additionally, Nicky Nicole is offering all kids their choice of a free scarf for their WEBKINZ pet.

"The bond between children and their WEBKINZ is endearing and something to be celebrated," said Nicky Nicole owner MJ Lehman. "WEBKINZ provide a pal, a conversation topic and a makebelieve world for children to enjoy. They are not a passing fad like so many toys; they have proven to have longevity and more children learn to love them every day. We celebrate this positive toy craze every day at Nicky Nicole. Hosting this celebration gives kids a place to party with their beloved pets and find new ones to love!"

The WEBKINZ Extravaganza will be **Fri., May 1** from 4 – 7 p.m. **Sat., May 2** from 10 a.m. – 4 p.m. and **Sun., May 3** from noon – 4 p.m. at all Nicky Nicole locations. WEBKINZ were named the Specialty Toy of the Year in 2007 by the Toy Industry Association.

Congratulations Mark Family!

Congratulations to the Mark family who won the 30 pound Chocolate Easter Bunny from Rocky Mountain Chocolate Factory. "We just wanted to say a big THANK YOU again for the awesome chocolate Easter bunny. My kids LOVED it and we took it to our family dinner on Easter and all the kids (and adults) were in awe and enjoyed nibbling on it all day. It's not gone yet but we're still working on that!" said Wendy Mark.

In the Garden with Smith & Hawken

As the weather warms and planting time draws near, everyone begins to think about the plants they will be putting into their gardens. While thinking of the plants may be the fun part of gardening, it's the in which the plants will grow that is the important part of gardening.

The proper nutrients and acid/base balance are the basis for successful gardening. The best way to determine this is through soil testing.

Many garden shops and nurseries offer test kits that can be easily used by the home gardener. The Cuyahoga County Cooperative Extension Service recommends the University of Massachusetts Soil and Plant Tissue Testing Lab (website www.umass.edu/plsoils/soiltest).

Whether you use this mail away service or an at-home test, the procedure is the same. First, take samples as early as possible before planting. Do not collect soil with brass, bronze or galvanized tools, to avoid contaminating the sample with copper or zinc. Next, sample from one area only, for example your lawn or perennial bed. Dig samples at four-inch depths for lawns, at cultivated depth for vegetable and flower gardens and at four to six inches for shrubs. Do not sample areas that have been recently fertilized or limed. Obtain several samples from the area, and then mix them well in a plastic bucket. The test kit will instruct you how to label and mail your sample to the lab.

When testing is complete, a report is mailed back containing an explanation of terms, the levels of nutrients and pH of the sample, along with crop specific information and methods to correct soil imbalances.

Consider taking a bit of time to do soil testing this spring. You will be rewarded with a healthier, more vigorous garden this summer. As the old saying goes, "Feed the soil, not the plants."

"who is my neighbor?"

Caring for Our Most Precious Resource...Our Children

Providence House is a licensed Crisis Nursery on Cleveland's west side that provides a safe haven for children newborn through age five, who have been removed from living situations that place them at risk of abuse or neglect, or in emergency situations such as illness, where the parents are temporarily unable to care for them. The Foundation gave a \$20,000 to Providence House that will provide for **Direct Service Days of Care** for five children for an average twenty day length of stay, at a cost of \$222 per child per day.

Youth Special Needs Program

Youth Challenge continues to touch the lives of hundreds of children with disabilities. Its Westside

Kids participate in recreational Programs at Youth Challenge, have fun, and leave with a smile.

Wellness Program that provides arts and recreational activities for children with physical disabilities. The \$28,000 grant will help deliver 170 days of drama, dance, music and fun to 30 to 45 youths attending each day. These activities offer a big boost of confidence and optimism for children with disabilities and special needs.

dance, music and fun to 30 to 45 youths attending each day. These activities offer a big boost of confidence and optimism for children with disabilities and special needs.

Community West Foundation was pleased to provide \$213,000 in grant support to an array of exemplary programs in the first quarter of 2009. By supporting the work of effective nonprofits, Community West Foundation continues its legacy of giving and its dedication to Illuminating Hope.

David T. Dombrowiak
President and Chief Executive Officer

Bringing Innovation to Patient Care

Community West Foundation provided \$70,000 to Neighborhood Family Practice for the holistic initiative that brings patients and physicians together to collaborate on solutions for good health. The hallmarks of the Patient Centered Model of Care Program are development of individualized plans of care, prevention, and improved health outcomes. This is a fresh new way to look at health care and more patients are inspired to participate as partners.

A Helping Place

Lakewood Christian Service Center has been dedicated to addressing the needs of Lakewood citizens who are jobless, hungry, and/or in crisis. The center is a true example of "People helping People" serving as the Hunger Network of Greater Cleveland designated food pantry for Lakewood and Westlake. Grant funding of \$20,000 will provide Emergency Operating Support as well as help allow for the increase in their client case load.

Program Promotes Health Living

The Ed Keating Center is the only agency of its kind in Northeast Ohio – a sober living facility that accepts all persons regardless of ability to pay who are dedicated to recovering from drug and alcohol addiction – while accepting no government funding. Founded in 1998, the agency has helped over 6,000 individuals to become clean and sober using its program of long-term residential living based on the AA principles. Funding of \$25,000 will support the Sober Living Residential Program so that clients can develop a new way of living which will foster better health, a positive attitude, and focus on a successful future.

As a local philanthropic organization, The Community West Foundation has long invested in our communities by awarding gifts and grants and directing resources to where they are needed most.

David J. Hessler, Esq.
Chair of the Board

Multicultural Outreach Targets Ethnic Population

The National Alliance for the Mentally Ill (NAMI) of Greater Cleveland serves more than 7,000 people each year who are dealing with mental illness through support groups, family education programs, helpline calls, and advocacy on behalf of the mentally ill. A \$20,000 grant will fund the Multicultural Outreach Program of education and mental health resources and services for a population that desperately is in need of them.

Nourishing Our Community

Now, more than ever, help is needed to feed the hungry. Community West Foundation responded to the need by awarding a \$20,000 grant to Second Harvest Food Bank of North Central Ohio for its Hunger Relief Network Food Grant Program. Second Harvest Food Bank is the largest regional hunger relief organization with a network of more than 120 partner agencies serving Crawford, Erie, Huron and Lorain Counties. Second Harvest secures and distributes more than 4 million pounds of donated food and grocery products annually, and supports nearly 150 programs including food pantries, emergency shelters, and after-school programs. Funding will be used to help in the Lorain County area.

Community West Foundation continues to work with nonprofit organizations that provide compelling programs, initiatives and services to meet the ever increasing needs of our community. The Foundation recognizes that at this time of economic uncertainty, many of our neighbors have been affected and may face new problems and challenges.

Dr. Ted Castele Chair Emeritus,
Community West Foundation

A Resource for Families and Children

Since 1970, The Center for Families and Children serves and supports the mental health and developmental needs of children and families. The agency reaches out to nearly 4,300 adults with severe mental illness and 500 children with serious emotional disorders to receive the treatment they need. Community West

Foundation provided \$10,000 in funding for the Social Recreation Behavioral Health Program for adults. The program helps those with mental illness develop necessary basic skills such as going to a bank or store, or interacting with others in common daily situations that are extremely difficult for many clients.

Art Show Displays Westlake's Best

"Bridging Across Generations," a youth art show celebrating Westlake Schools, was hosted at Rae-Ann Suburban Skilled Nursing & Rehabilitation Center last week. Hundreds of students, families and faculty attended this stellar event as Westlake Schools students from kindergarten through 12th grade were featured.

The Belvedere "Play Host Family" to a Lake Erie Crusher

Residents and staff of The Belvedere of Westlake are excited to be playing "host family" to a member of the Lake Erie Crushers baseball team, the newest of the 12 independent teams in the Frontier Baseball League.

"I read about the host family program in the newspaper and thought it would be mutually beneficial to our residents and to the player to have him stay with us at The Belvedere," explained Cindy Griffiths-Novak, Belvedere Owner/Administrator. "When I pitched it to our residents, they voted overwhelmingly to give it a try."

The lucky player will stay in a private end suite with many amenities, including a 26" LCD flat screen television, and enjoy delicious homemade meals, snacks, and baked goods from Rae-Ann's in-house bakery.

The Belvedere will enjoy some perks as a host family as well, including tickets to games throughout the season and souvenir discounts. There are also several opportunities for recognition at home games, as well as team-sponsored events throughout the season. Cindy and Kay Craciun, Belvedere Activities Director, are planning a resident/family night on June 2nd, opening day at the ballpark.
