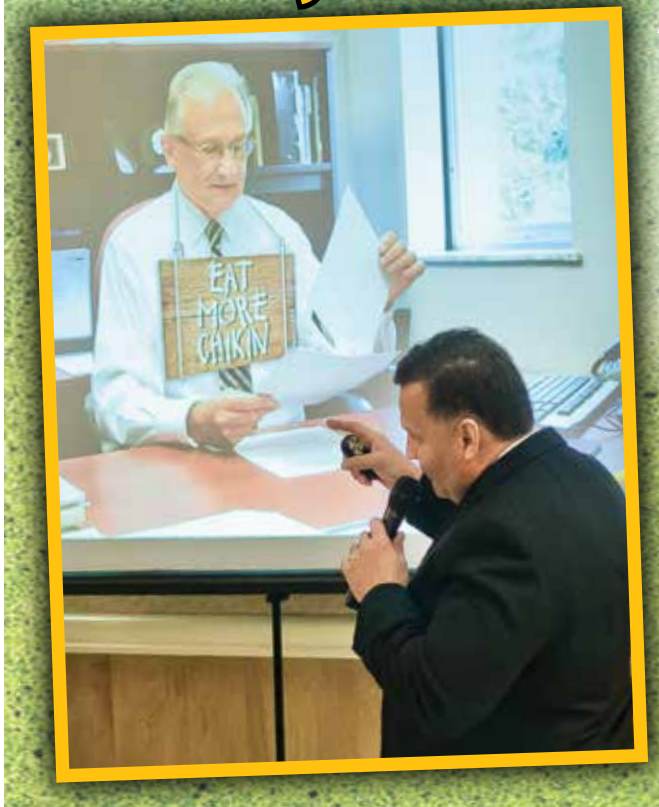
Friendly Rivals...



Avon Mayor Bryan Jensen and Avon Lake Mayor Greg Zilka are well-known as friendly rivals. They rarely miss a chance to poke good-natured fun, and last week's State of the Cities Luncheon at Tom's Country Place served up an irresistible chance for Mayor Jensen to draw a laugh. He said he got a strange call about a Chick-fil-A coming to Avon. "That's not true," said Jensen with a smile, referring all questions on the matter to Zilka as the image to left appeared on his power point screen.
See story in today's Crocker Press.

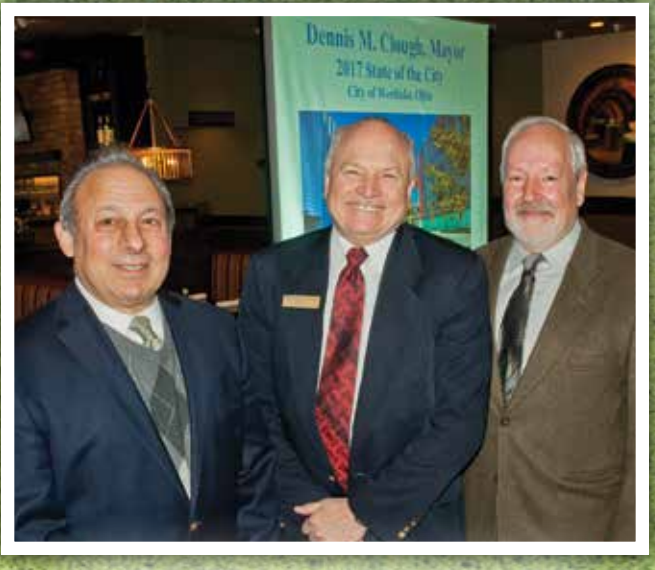
VILLAGER BEAT

Bay Library: The City of Bay Village may be getting a new library. That is the subject of discussion among Bay City Council members who, in their capacity as Cahoon Park Trustees, debate the potential of a new Bay Branch of the Cuyahoga County Library for an area in Cahoon Park.

Some say a new library isn't needed. Or that a new library or addition should be worked out at the present site on Cahoon Road.

continued on page 3

Three Amigos



The City of Westlake celebrated the community's success with Mayor Dennis Clough's annual State of the City address held at Carrabas Restaurant last week. Sponsored by the West Shore Chamber, Mayor Clough (center) was welcomed by Chamber President Jim Chillemi and Power of More Executive Director John Sobolewski. See story on page 2.

Westlake State of the City 2017

Westlake Mayor Dennis M. Clough presented his 2017 State of the City address to the West Shore Chamber of Commerce at Carrabba's Italian Grill last Tuesday with more than 80 people in attendance.

Serving as Mayor since 1986, Clough has presided over a dramatic period of sustained community growth.

Westlake has emerged as a regional hub from its days as a small agricultural town on Cleveland's outer ring. Mayor Clough reports that the city's assessed value has grown to an amazing $1.443 billion today.

One of the keys to the City's continued success Mayor Clough identified was the financial stability it enjoys. The City's AAA bond rating by all rating agencies has continued for past 16 years and has received numerous annual awards for financial reporting for as long as 33 years. In addition, the City maintains a general fund reserve balance that allows it to be virtually debt free.

The Mayor also highlighted the great services provided to the more than 32,000 residents by strong City departments working together to meet the high demands of the community. With operational summaries provided by each of the departments and ongoing efforts to improve service delivery and cut costs using the LEAN philosophy, a few examples listed in the presentation include the time required for issuing building permits has been reduced, fleet maintenance streamlined, reporting and inspections from the field increased, and the purchasing process for office supplies centralized.

Westlake has benefited from a diverse and strong business community. The presentation listed 34 businesses that have opened, expanded or relocated within the city in 2016, including the opening of the American Greetings Corporation's new headquarters and the City's new meeting and entertainment venue Market Square at Crocker Park.

A total 189,858 square feet of new commercial development was approved, up from 138,937 square feet in 2015.

The City also is monitoring its capital plan and reprioritizing as necessary. Projects being developed are a new community center and aquatics center, the latter as part of the Recreation Master Plan. In addition, he explained the series of exchanges of land and buildings in the recent agreement between the City and the Westlake City School District.

What's coming

Mayor Clough reported on the recently released new of a City-Schools land swap. The Property Agreement calls for the Schools acquire 29 acres west of Porter Library for a new PK-4 new elementary school. The City obtains 42 acres contiguous to Meadowood Golf Course/Bradley Nature Park for possible sports complex, athletic fields, and hiking trails. The City will obtain Parkside Intermediate School and will lease back to Schools for $1 per year for 10 years. The City will spend up to $1 million for traffic signal and turning lanes into new elementary school with additional driveway off Westown Blvd. The City receives Board of Education office building at Hilliard and Dover Roads.

Mayor Clough also reports that the future holds a potential switch to multiple water suppliers: Cleveland Water, Avon Lake Water, and Elyria/North Ridgeville Water.

City Facts 2016

Police: Calls for Service : 36,352 (2016) Total Arrests: 5,156 Motor Vehicles Accidents: 822

Fire Dept.: 2016 2015 • Calls relating to Fire, EMS, Haz-Mat and service 5,159 Assignments relating to plan reviews, inspections, investigations and consultations 2,553 Fire and EMS calls dispatched by Westcom 15,708

Recreation Center • Number of members 10,000 Number of visits 601,200• Silver Sneakers members 3,000+ Silver Sneakers visits 78,400

Community Services Department 2016 • Duplicated patron participation 19,691• Activities offered on a regular basis 120 Day or overnight trips 37 Number of volunteers 134 • Volunteer hours of service 1,732• Rides provided to residents 8,838 • Miles of transportation 58,830

Mayor Clough concluded his formal presentation by acknowledging that the City's success has been made possible by a very supportive constituency and involvement of its citizens. He expressed his thanks to City employees and residents for their support.

West Bay Plaza Makeover

DDR, owners of West Bay Plaza (home of Marc's and former site of K-Mart) are in discussions with the city on plans to demolish the two biggest buildings on the site, redesign the parcel and bring in new tenants. Mr. Hutchinson, Senior Development Manager, explained to Westlake Planning this month they are looking to redevelop West Bay Plaza by demolishing two of the three existing buildings, new retail building construction, future potential outlot building ("400" Building), façade enhancements of the restaurant/retail building that is not being demolished, updated and new site utilities, parking reconfiguration, enhanced landscaping, new sign criteria, and updated outdoor dining area for "50" Building. The previous K-Mart/Sears building has been vacant (+/-95,000 sf) and the entire center needs to be modernized and given a consistent look throughout the center. The parking lot will be enhanced with additional parking spaces and landscape islands throughout the parking lot. They propose to develop in phases so there is minimal impact on existing tenants. The site sits down lower than the adjacent Detroit and Crocker Roads so they are looking to get visibility with signage. Further discussion with the city are planned, with focus on signage ordinances and the role of the center as a gateway to Westlake.

VILLAGER BEAT

continued from page 1

The point missed, however, is the CCPL reportedly has some $7 million set aside and waiting for a NEW Bay branch to be built. They have already upgraded almost every branch in the system. Bay is the last on the list at this point and if a suitable location isn't found, the city may miss out on a significant civic upgrade.

That is part of the real question before Bay Council. What would you do if you were a council member? Turn down a $7-8 million addition to the city that comes at no cost to you or beyond what residents are already paying in taxes?

Seems like a no-brainer. Most people would go for it, even if it means saying goodbye to the venerable but obsolete Bay Way Cabin.

Goodbye Playhouse? Noted in the Feb. minutes of the Metroparks is a budget item that estimates demolition of Huntington Playhouse ast $90-160,000. "Currently evaluating assessment findings," says the facilities reports.

Friendly Rivals: Mayors Bryan Jensen of Avon and Greg Zilka added another page to their history of zingers at last week's State of the Cities Luncheon at Tom's Country Place. Mayor Jensen drew laughs as he posted 'Eat Mo Chikn' signs on photoshopped images of Zilka and Avon Lake's Fire Chief (see picture on page one). "I got strange calls last week asking if a Chick-fil-a was coming to Avon," said Jensen to laughs from the good-natured audience.

Last year, Jensen ribbed the Avon Lake Mayor about the 'Zilka Virus' being dangerous to deer. Zilka, however, can stand his ground, reminding all the famed Redwood Schools Eagles are namesakes of the Avon mascot who would rather live in Avon Lake!

More On Bay: Bay Village City Council moved to go into an executive session Monday night to discuss several items, including the Library. During the regular session of Council, the city agreed to extend the contract for Kiddie

Westlake Surgeon is First in Northeast Ohio to Treat Peripheral Arterial Disease with New Stent Graft

West Side hospital surgeon leads in cardiovascular care innovation with use of balloon-expandable stent graft designed to keep heavily clogged iliac arteries open

The University Hospitals Harrington Heart and Vascular Institute at UH St. John Medical Center and its vascular physicians are the first in the region and among the first in the nation to restore blood flow to patients' clogged arteries using a new device designed specifically for a part of the body that can be difficult to treat.

"Peripheral arterial disease can severely impact individuals' quality of life," said Christopher Smith, MD, a vascular surgeon at University Hospitals and UH St. John Medical Center. "Restricted blood flow due to blockages, or lesions, in the iliac arteries that lead to the legs can lead to numbness or painful cramping in the legs, sexual dysfunction, difficulty walking or rapid muscle tiring, and even gangrene and amputation. We continue to elevate and enhance our cardiovascular care offerings with this new way in which to treat these blockages in a minimally invasive way."

There are many risk factors associated with peripheral arterial disease, including smoking, diabetes, and high blood pressure, among other factors. In fact, the iliac artery tends to be more highly calcified in comparison to other vessels, and stents require greater radial strength and flexibility to restore blood flow to a patient's legs.

Dr. Smith is among a select group of leaders in their fields who have been first to be able to provide the GORE® VIABAHN® VBX Balloon Expandable Endoprosthesis (VBX Stent Graft) to patients. The VBX Stent Graft is the first balloon expandable stent graft to receive U.S. Food and Drug Administration (FDA) approval for treatment of iliac lesions. Now physicians have a VBX Stent Graft indicated for iliac occlusive disease.

"This is a significant improvement over previous stent technologies available for this specific application and, as part of the UH Harrington Heart and Vascular Institute, we will continue to make the best therapies available to our patients in the community," said Dr. Smith.

Dr. Smith continues to advance the care of patients with peripheral arterial disease by utilizing leading-edge technologies with clinical tested results.

Christopher Smith, MD

"Dr. Smith and his team are to be congratulated for great patient care, as illustrated in this example," said Dr. Vik Kashyap, Division Chief, Vascular Surgery - UH Cleveland Medical Center. "Bringing innovative technologies that help our patients in Northeast Ohio is a key goal for all of our members in the Harrington Heart and Vascular Institute Vascular Center. We strive to help patients with vascular disease using the least invasive and durable solutions."

Free Vascular Screening Event

Saturday, April 1, 2017

10 A.M. – 2 P.M. | UH ST. JOHN MEDICAL CENTER, 1ST FLOOR

If you are 50 years of age or older – and you are a current or former smoker, have diabetes or have a history of high blood pressure and/or high cholesterol – you may be at risk for peripheral artery disease (PAD) or other vascular diseases, which affect the body's blood vessels.

Join us for a free screening event at University Hospitals St. John Medical Center, a Catholic hospital, to learn about your risk for vascular diseases. Excellent treatments for all forms of vascular disease are available at University Hospitals Harrington Heart & Vascular Institute locations across northern Ohio, including one at UH St. John Medical Center.

Registration is preferred, but not required.

New Screening for Springtime....

by Dr. Louis Malcmacher of ***The Healthy Smile***

Dr. Louis Malcmacher

Dr. Morris Edelstein

It is great to be reminded once again that there is a sun in the sky after a few dark winter months that we have experienced here in Cleveland. It is great that springtime is finally here. There is certainly a sense of renewal and familiarity with this time of year that just feels so good to all of us.

As we come upon the various holiday seasons at this time of year, it's also a time to recount and remember what we have been doing in the past and make plans for the future. So, I figure this is a perfect time to go back to basics with your dental visits and talk about one of the most important things that happen in the dental office – the dental examination that you get when you visit your dentist or hygienist.

By far, one of the most important facets to the dentist is when they do a complete examination of not just your teeth, but also all of the soft tissue structures in your mouth, including your tongue, cheeks, gums and lips. This is all pretty much standard in every examination that dentists give to their patients. I would probably say that checking your teeth is the easiest part, as we can have a really good idea of what is happening just by a visual examination and also with x-rays. One of the most important aspects of every dental examination, and certainly the most life-saving is an examination and screening for oral cancer. We were just reminded of this when a patient recently came in with an ugly looking ulcer under the tongue, which was indeed oral cancer. Like any cancer, if oral cancer is caught early, then there are much less severe complications. If left to grow, oral cancer can be a deadly. What most people don't know is that oral cancer is more common than melanoma, lymphoma, the Hodgkin diseases, and many other diseases, which are more familiar.

There are a few new screening devices for oral cancer and it is crucial that you ask your dentist if they have checked you for oral cancer and if they have a screening device in their office. We have been screening patients for oral cancer in our office and one thing I can assure you, if your dentist doesn't screen you for oral cancer, no other health care professional will.

A good dental examination is the basis for any treatment than any you should be having. I call it taking inventory in patients' mouths – if I don't know what they have and what is good about someone's mouth, then I have no idea what we can build on top of it so that they can have a long, lasting, beautiful and healthy smile.

For a free consultation or just to come in to talk to us about any of your dental needs, please call us at 440-892-1810 today. We are here to help you smile.

WEST SHORE BLUES: THE BEST OF THE BEATS

Laundry List for Westlake Motel Thief

It was a real laundry list for a Westlake thief on March 10 after a guest at Clemens Road motel hauled off with bedding, towels and even an iron on March 10.

Oh, how did those things get in there? After the investigating officer contacted the lady, she allowed that she might have accidentally taken the items. She returned them to the owner that same day, March 10, and then turned herself in to WPD for Petty Theft.

It's Always about Money

A 22 year old Westown Blvd. woman reported that her 34 year old husband punched her and pushed her down on March 10. What were they fighting about? Money, of course. He fled the scene, but the victim's mother showed up to butt into the investigation. The husband turned himself in at WPD and was arrested for DV. 696-KIDS was also contacted, as the couple's 1 and 3 yoa children were present during the incident. Now they probably have legal bills to add to the misery.

Willlmaa!!

An intoxicated 21 year oldman was locked out of his mom's Glenmore Dr. home on March 11 due to his condition. He pounded on the doors and windows (a la Fred in the closing credits of the Flintstones) and also called WPD to report that mom had exiled him. He was arrested for DCI. In the jail, he put up a fight while being booked and received a Resisting Arrest charge.

Out in the Cold

An intoxicated 28 yoa Ravenna woman also pounded on the door of a stranger's Columbia Rd. home on March 11. Officers found her shoeless, sockless, and coatless; she was cited for DCI and taken to St. John Medical Center for possible exposure injuries.

Project ChildSafe

In partnership with Project ChildSafe, the Bay Village Police Department is offering free cable gun locks. Project ChildSafe is a program of the National Shooting Sports Foundation promoting firearm safety and education. They are committed to promoting genuine firearm safety through the distribution of safety education messages and free firearm safety kits to communities across the U.S.

If you are in need of a gun lock, please stop by the Bay Village Police Department at any time and request a free lock.

For more information please visit their website: **http://www.projectchildsafe.org/**

Bay Resident Falls for Computer Scam

A Bay Village resident fell for a computer scam last week and now is stuck with a locked-out computer filled with problems and a bank account dinged for $500.

Bay Police received the call on March 17. An officer was dispatched to the home to take a fraud report. The victim said he had received a "pop up banner" on his computer, which appeared to be from the Microsoft Corporation. This banner said his computer had been locked and there was now a virus on the computer. He was directed to a phone number in order to have the computer fixed. He called the number and spoke to a male with a foreign accent. This male advised the victim he had the Zeus virus on his computer. The technician requested that an "E-Check" for $499.00 be sent in order for the computer to be fixed. It was sent. As far as the victim can tell the foreign sounding male deleted numerous files, added malware and adware, and now the victim is locked out of his e-mail account. The complainant was advised not to use his computer until he had it looked at professionally. He had already notified all of his financial institutions. A report was taken.

Feeling Green

St. Patrick's Day revelry had one male in Bay Village feeling green on Saturday. On March 18, at 03:47 AM, officers were dispatched to a residence on Fordham on the report of an out of control male. Investigation determined the group had attended the St. Patrick's Day parade downtown. One of the group, a 22-year old from North Ridgeville, had consumed large quantities of alcohol, mainly beer and vodka, throughout the day and night. Approximately 20 minutes prior to the 911 call, this male became emotional and began acting aggressively to the others inside the residence. Officers found the male being restrained by another male. The assailant was eventually trans-

Each According to Their Gifts… Celebrating Stars of Success!

All gifts - whether they be of your time, talent or treasure - are all the same. They are gifts of the self.

Nowhere is the phrase, "Each according to their gifts" more true than at the **Cuyahoga County Board of Disabilities** SOUP (Stir One Up Program) in Rocky River, where employees answered the call to support the SocksPLUS campaign at **Community West Foundation** to help the homeless in our community.

"It was the excitement and passion with which they approached their drive that inspired us. They started collecting socks during the months of December and January and people immediately made donations to help out. Community advocacy are the hallmarks of this remarkable group, which was able to deliver 350 pairs of socks," reports the Foundation.

Spearheading the drive are two employees of the **Rocky River Adult Activities Center** at 20120 Detroit Road - **Tasha Cifra** of Lakewood and **Crystal Walker** of Westlake.

They took delight in leading the cause to fill the giant sock made by Rocky River volunteer **Rose Mary Zverina** that was used to collect the hundreds of socks for our neighbors in need.

"I really enjoy helping others, especially kids," says Crystal, a 6-year employee of the Center.

"I just really like to do it - just jump in and help out," reports Tasha, who has been with the Center for nine years and serves as a production manager.

The center employs dozens of special needs individuals, working at jobs assembling and boxing items for local companies like the Oatey Co.

The jobs have instilled in the workers a desire to give back to the community. That is why, in addition to SocksPLUS, the Center participates in numerous charitable activities all year long, like collecting for the Rocky River Food Pantry, helping at Beck Center, volunteering with Rec Center Ice Skating and participating in Harvest for Humanity.

For Crystal, a special cause is collecting toys for the Fox 8 Giving Tree. For Tasha, the annual Stuff the Bus school supply drive stands out.

Tasha Cifra and Crystal Walker of the Rocky River Adult Activities Center with the giant sock they helped stuff for SocksPLUS this winter.

Rocky River Adult Activities Center Director Laura Cooper, Tasha Cifra, and Lashawn Knox, Center Employment Specialist.

"I just want to help kids out," says Crystal. "We take the toys to the station, and they give them to the kids in the hospital. There isn't a lot to when you are in the hospital, so we want to help."

For Tasha, the pride she takes in her work carries over into her sense of community spirit. "The kids depend on us," she says.

Lashawn Knox, Community Integration Employment Specialist for the Center, reports the outreach efforts reflect the CCBD's mission of bringing a vibrant presence and sense of community to the Center. "We meet once a month at the Garfield Center and we always have a good group of not only our members who want to be involved, but volunteers from the community," she says. "We also have very good Life Ambassadors who go out into the community and make contacts for us."

Laura Cooper, Manager, Rocky River Adult Activities Center, says the outreach efforts emphasize the ways her employees can advocate for themselves through their efforts in giving back. "They are finding ways to have more involvement in the community and support the community," she says. "It is all about spreading the message that everyone can contribute to the community in any way they want to."

Stay tuned for even more success from this group as they are planning a Christmas in July Sock collection to help out even more. Thank you **SOUP GROUP!** #SocksPLUS

(Rocky River Adult Activities Center is located at 20120 Detroit Road, Rocky River, Ohio 44116-2421 Phone: (216) 931-7390).

Thank You Fairview Hospital!

Fairview Hospital employees are some of the most caring and charitable people you will ever meet. Not only do they touch the lives of people every day but they also give their time and money to causes they care about. Thank you to all the employees who collected 15 scarfs, 64 pairs of gloves, 2 fleece blankets, 50 hats, and almost 500 pairs of socks for the SocksPLUS Program to help our homeless families. It's clear that they love giving back to help others less fortunate and we love them for it!

We appreciate the generous spirit of compassionate individuals, community partners, businesses, schools and faith-based organizations who through their actions are making our community a better place. Thank you all for your support of SocksPLUS.

Join the mission of the Community West Foundation to advance the health and well being of our community.

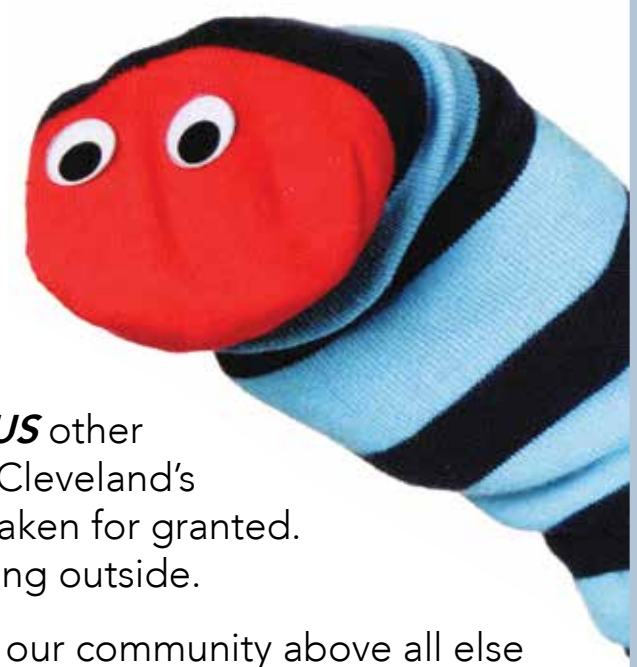
DID YOU KNOW SOCKS ARE THE MOST REQUESTED ITEM BY THE HOMELESS?

YOU CAN HELP

through

Socks*PLUS*



We launched our Socks*PLUS* Initiative to help collect Socks ***PLUS*** other essential items needed by the homeless. And, for thousands of Cleveland's homeless men, women and children, socks are a gift that's never taken for granted. In fact, they are the item most requested by anyone living outside.

Community West Foundation places the health and well being of our community above all else and we hope you will join our efforts to help the least among us. We encourage you to contribute in your own way by sharing your time, support, ideas and SOCKS.

Physical Donations To Accept:

• New Socks • Blankets • Coats • RTA one-day bus tickets • Toiletries • Hand sanitizer
• Water bottles • Towels/hand wash cloths and tissues • Backpacks, gym bags and tents

What the Money You Raise Will Do

$10 can supply 10 pairs of Socks.

WEST SHORE BLUES: THE BEST OF THE BEATS

continued from page 5

ported to St. John Medical Center. He will be charged for Disorderly Conduct/Intoxication into Rocky River Municipal Court.

Moaning Male

On 03/19/2017, at 01:26 AM, Bay VIllage officers were dispatched to the south end of Bassett on a disturbance call. The complainant told the officers he thought he had heard the sound of a male in some type of distress, between his house and the railroad tracks. Officers searched and found a male, face down in the grass. This male smelled strongly of an alcoholic beverage, his speech was slurred and had great difficulty in answering questions coherently. Fortunately one of the officers recognized the Westlake juvenile, having had arrested him a few months ago. Eventually he was released to his parents. He will be referred to the County Juvenile Court for multiple charges.

Pole in the Road

A utility pole jumped into the road in front of a 65 year North Olmsted man on Walter Rd. near Westwood Rd. on March 11. He pushed a firefighter who was trying to aid him and was secured to the gurney. He also had to be restrained at St. John Medical Center. A urine specimen was taken from him for analysis by the County Medical Examiner; he was cited for OVI and Failure to Control.

Bum's Rush

A 37 year old Westlake man driving on Center Ridge Rd. threatened a 56 year old male pedestrian on March 8, then - abandoning all conventional wisdom - they decided to take their troubles indoors and got into a fight in a nearby bar. As officers arrived, the 37 year old was being given the bum's rush after throwing chairs and punches at other patrons. He was arrested for DCI and OVI/BAC (.172 breath test). He had left his 12yoa son at home alone; the boy's mom went to care for him. 696-KIDS was also contacted.

Cause for Concern

A ride service driver was concerned about the condition of an intoxicated fare that he dropped off at a Circlewood Dr. home on March 4. The fare (52 yoa man) could not let himself into his residence. Officers found him in the backyard; he had urinated on himself and was arrested for DCI.

Where's my Tires?

Two wheels were stolen off of a Weymouth Cir. man's 2013 Toyota 4Runner on the night of March 3. Around 3AM, he heard a car alarm sounding. Loss is estimated at $2100.

I-480 Rollover

Police responded to a reported rollover MVA on I – 480 westbound on March 6. Upon arrival, the extensively damaged vehicle was on its roof and the driver was on the right berm, having been ejected. She stated that she was starting to change lanes, but as she did so, observed a car coming up quickly and swerved to avoid it. Her vehicle rolled and at some point she was ejected from her car. The driver was taken to Fairview Hospital for non-incapacitating injuries.

Calling President Trump

A jaywalker ramped up his stop by a Fairview Park Policeman with a threat of deportation after an Lorain Road bicycling incident on March 6. An officer on patrol in the 19400 block of Lorain Rd observed a bicyclist crossing Lorain without any lights. He stopped the operator to check on him and advise him of the need for lighting. The male was belligerent and initially refused to identify himself. After finally doing so, the reason became apparent as the subject had an outstanding warrant from N Olmsted PD. While being placed under arrest, the male started on a profanity laced tirade, also using racially charged verbiage towards the officer and telling him he will be

Welcome Amigos!
Don Ramon Mexican Restaurant

Welcome Amigos!

At Don Ramon authentic Mexican Restaurant & Cantina within Savannah Commons at Bradley and Detroit Roads in Westlake, you will be treated like one of the family!

"We named this restaurant, Don Ramon, after my father," said owner Mario Magana. "We want our guests to feel like they are part of the family, too!"

Since coming to the United States in 1991, Mario has taken pride in offering dishes and recipes that are true to the authentic tradition.

"Thank you to all our customers," said Mario. "We are very grateful for the support we have received from the community."

From lunch specials to burritos, delicious combos and Especialidades del Rancho, the phrase 'Welcome Amigos' rings true at Don Ramon Mexican Restaurant & Cantina at 30610 Detroit Road in Westlake.

Check out their daily lunch specials and drink specials. Phone (440) 835-6935.

Wearin' O the Green at The Normandy

The spirit of St. Patrick was alive and well at The Normandy Senior Living in Rocky River on St. Patrick's Day as residents and guests enjoyed an authentic Irish dinner and the sonorous sounds of famed Irish tenor Billy Kaye. 'Twas a grand celebration indeed at The Normandy!

'When Irish Eyes are Smiling!'

Simplify Senior Living at The Normandy

Live effortlessly and gain the support you need at every stage.

The Normandy is a family owned and operated business that shares your values and gives you choice and independence - a continuum of care you can count on.

THE NORMANDY SENIOR LIVING

We empower you to make the most of every day at The Normandy Apartments with a rich menu of amenities, personal care plans and a la carte services. Choose among a range of spacious, modern floor plans. On the same campus, The Normandy Care Center offers skilled nursing, a fully equipped rehabilitation facility and dedicated memory care center.

Presents a Community Health Program

EFFECTIVE COMMUNICATION STRATEGIES

A Lunch and Learn

Presented by:

The Alzheimer's Association, Cleveland Area Chapter

Communication is more than just talking and listening – it's also about sending and receiving messages through attitude, tone of voice, facial expressions, and body language. As people with Alzheimer's disease and other dementias progress in their journey and the ability to use words is lost, families need new ways to connect. Join us to explore how communication takes place when someone has Alzheimer's. Learn to decode the verbal and behavioral messages delivered by someone with dementia, and, identify strategies to help you connect and communicate at each stage of the disease.

DATE: **Tuesday, March 28, 2017**

TIME: **12:00 pm - 1:30 pm**

(Lunch will be served from 12-12:30 pm)
Presentation begins at 12:30 pm

LOCATION: **Avon Place**
32900 Detroit Rd.
Avon OH 44011

RSVP: (440) 937-6201

This program is FREE and OPEN to the community

WEST SHORE BLUES: THE BEST OF THE BEATS

continued from page 8

deported by President Trump. He went on further to say that Blue Lives don't matter and he hoped a criminal would kill the officer. A post-arrest search found a drug pipe with drug residue and a scale on his person. He was charged with Possession of Drug Paraphernalia and an equipment violation for his bicycle. After processing he was turned over to N Olmsted PD on their warrant.

Man with Knife

Fairview Police received a frantic 9-1-1 call from a female resident on Robinhood Ave reporting a male on her porch with a large knife, visible via surveillance camera on March 9. The male was reportedly "acting strangely." Police arrived and found a male, in a car in front of the residence, with a large knife visible in the vehicle. He was ordered out, cuffed and placed in a police vehicle. He claimed initially that someone had been hiding in the back of his vehicle and that was why he stopped and pulled out his knife. He later denied this. Video showed no one else exiting the car when he stopped. The homeowners did not know the male and felt threatened by him. He was arrested for Aggravated Menacing and Aggravated Trespass and held for bond.

Car Rams Home

A homeowner on W. 228 in Fairview Park fortunately survived a shocking crash that saw an SUV crash into her living room on March 19 at 10:30 p.m. The female driver of the car had climbed out of the vehicle, over the roof of the car and fled on foot. Upon arrival, officers observed the car almost entirely in the living room, still running, after crashing through the front window area of the home. Officers searched the area but did not locate the female driver. Checking inside the car, it was discovered that the driver had left a purse with identification inside. The homeowner was checked by paramedics for minor injuries sustained from debris, but declined transport. The possible driver was identified by the car owner and on 3-21-2017, she contacted Police and agreed to turn herself in, claiming to have panicked.

Celebration!

It was a celebration at Huntington Woods Care & Rehabilitation Center of Westlake on March 12 as staff and guests took time out to enjoy the Deficiency Free survey earned by the center.

The party included lively dancing from Cannon Irish Dance of Olmsted Falls, making it perfect for a St. Patrick's Day Celebration.

Huntington Woods enjoys a strong reputation in offering empowering services to residents and their families, making all feel special.

Leadership on hand at the party included (pictured) John Marincin, MDS Specialist; Tom Branham, Director of Maintenance; Donly Blauser, Director of Dining Services; Terri Krul, Activities Director; Samantha Bramley, Human Resource Director, Elayne Newcomb, Administrator, Alicia Grady, Admissions Coordinator, Megan Campbell, Medical Records, Christina Williams, Assistant Director of Nursing; In the back - Kim Whitfield, Unit Manager. Not Shown - Katrina Pulice, Director of Nursing; Patty Rice, Housekeeping and Central Supply Director; Amie Betz, Business Office Manager.

Celebrating their Federal Deficiency Free Survey

Lively dancing was provided by Cannon Irish Dance of Olmsted Falls,

Kollege in the Bay Way Cabin to Sept. - allowing them time to move to another locale. This strongly indicates that this is the site for the new Library.

Mayor Koomar reports that the CCPL, at its Feb. 28th meeting, approved a resolution for the Bay Branch Replacement.

The mayor says the proposed site was carefully considered. It does not compromise green space used by soccer or sports, there will not be trees coming down, it is close to the Middle School and exisiting parking is nearby.

Those who think the old library would be better off renovated, the fact is the CCPL has $7 million set aside for a NEW Bay branch. Why would Bay want to leave that on the table when a brand new facility could be built in Cahoon Park at no cost to the city? As for building on the old library site, why not let the city exchange the building with the BOE? Makes sense and expands facilities for both city and schools.

It is an exciting time for Bay under the new Koomar administration. Things are happening under new Council President Dwight Clark with a spirit of cooperation among all evident.

Other Things Coming:

-New Animal Control officer hiring is imminent.

-Through County funding, the City will be able to add a large generator to Dwyer Center, bringing an emergency shelter to the community in the event of a weather catastrophe.

-Funding is also in the works for a $10 million upgrade to the Knickerbocker Senior Apartments, bring significant upgrades to this important resource for senior living in Bay Village.

Years ago, Bay Village worked hard to find funding for large projects and the strategy worked. Under the late, great Council President Dick Martin, Bay once had the entire length of Lake Road rebuilt by the state in exchange for only the engineering costs.

Bay is working smart and hard once again, just a month or so into a new administration. It is an exciting time for the community.
