

PLEASE JOIN US FOR A FREE EVENT:

Current Trends in Cardiology

Thursday, Feb. 28 | 5 – 8 p.m.

FREE AND OPEN TO THE PUBLIC

Join the experts from University Hospitals Harrington Heart & Vascular Institute at UH St. John Medical Center for a “heart to heart” talk. Hear presentations from our cardiovascular team on topics including: Non-invasive Coronary Calcium Scoring; the connection between diabetes and heart health; the warning signs of stroke; chronic stress and its impact on your health as well as a hands-only CPR demonstration. A UH St. John pharmacist will also be on-site to answer your questions about your heart medications.

A light, healthy meal will be provided. To reserve your spot for this free event, please call 877-597-6348.

Free health screenings* and educational presentations will begin at 5 p.m. Health talks with UH Harrington Heart & Vascular Institute physicians will begin at 6 p.m. At 7 p.m., the physicians will participate in a question & answer panel, followed by a meet and greet.

* Blood pressure, cholesterol and blood glucose
